

better work, better life

## Post Event Report

### Job Preparation Workshops at Republic Polytechnic

**4<sup>th</sup> February 2010**

Our Job Preparation Workshops are catered to those who wish to create a positive and last impression in minds of potential employees. Among all the soft skills trainings, Resume Writing and Interview Techniques are the two most in demand subjects.

Talent Attraction Manager of Adecco Singapore and Malaysia, Foong Wei Liang, was invited to share his thoughts on what makes a good resume, as well as how to handle an interview effectively. The session was conducted in one of the lecture theatre in Republic Polytechnic, catered to year 2 and year 3 students from School of Sports, Health and Leisure.

The students present were effervescent and it did not take long to garner all of them to participate in the interactive session. Wei Liang's presentation and sharing covers areas such as common mistakes in a resume, resume guidelines, types of interview, traps to avoid in an interview and handling difficult questions. Role plays were conducted to provide a better illustration to the students.

The Question & Answer session was enriching as Wei Liang responded some of the trickiest scenarios posted by the students. The 2 hours workshop was concluded with a series of difficult questions which could be asked during an interview, and some recommended ways of overcoming them.

Kudos to Wei Liang for his scintillating presentation in Republic Polytechnic!
